

**Description**

Drill simulates a dump in.

D wraps puck. G comes out and stops the wrap and sets the puck for D1  
D1 comes in hard and picks up puck from G and starts to go around the net  
D2 comes in hard and stops in front  
D2 calls a reverse and D1 reverses the puck back to D2  
D2 passes to the point for a shot on goal  
D1 can come out in front for a tip/deflection

Option:  
You can have D1 and D2 get in good shot blocking position after their passes and attempt to block the shot from the point.

**Key points:**
