

Description

Drill starts with the BC passing to D1 for a screen shot. After the shot BC circles around the back of the net. After BC crosses the near goal line, F1, F2 & F3 begin a 3v2 rush. The BC has to sprint hard to catch up to the 3v2. The D must communicate to the BC so he knows who to pick up. The BC should always be looking to pick up the trailer. The BC should be ready to backcheck all the way to the goal line.
